The Honorable Mike Pompeo
U.S. Department of State
2201 C Street, NW
Washington, DC 20520

Dear Secretary Pompeo,

We, the undersigned 100 human rights organizations, scholars and leading activists, strongly urge the Administration to establish a policy that prohibits representatives and employees of the U.S. government from engaging with Sudanese General Mohamed Hamdan Dagalo also known as “Hemeti.”

Hemeti, the commander of the Rapid Support Forces, a paramilitary force formerly known as the “Janjaweed,” is responsible for organizing and committing horrific violence against the men, women and children of Sudan. Despite his role in terrorizing the country, Hemeti sits on the new Sovereign Council that is charged with leading Sudan through a 39-month transition period to elections.

While we urge the U.S. to remain intensely engaged in supporting the people of Sudan to achieve freedom, justice, equal citizenship and genuine peace, engaging with Hemeti sends the wrong message. It provides a sense of legitimacy and defacto impunity to one of Sudan’s worst offenders. Hemeti is not a legitimate leader but rather a dangerous criminal who should be sanctioned by the U.S. and referred to the International Criminal Court for war crimes, crimes against humanity and genocide.

With an eleven-member Sovereign Council and a new Prime Minister, the U.S. has many avenues of influence in Sudan. Engaging with Hemeti is not required. Just as the U.S. refused to engage with former President Bashir, who is wanted by the International Criminal Court for the same crimes, the U.S. must also refuse to engage with Hemeti.

Sincerely,

Act for Sudan, Eric Cohen, Co-Founder, USA
